

## 60CM FULLY INTEGRATED DISHWASHER

This dishwasher gives the perfect integrated solution, its triple 'A' class ratings ensure ultimate efficiency and thorough cleaning, whilst the programme options available suit every circumstance.

- **Auto Programme** - no need to decide what programme is the most suitable for the dishes, let the dishwasher decide for you. Using a sensor the dishwasher will modify the time, temperature, water consumption and energy based on the soiling level. The temperatures range from 45°C to 70°C - ideal for the most delicate of glassware to the dirtiest of dishes
- **Active Drying** - for perfect drying results, the active drying system aids the natural circulation of moist air through a condensing unit
- **LED Display** - indicates the amount of time of the programme remaining and allows the start time of the programme to be delayed so the dishwasher can be run when electricity rates are cheaper
- **'AAA' rated** - an 'A' rating for wash performance, drying performance and energy efficiency, giving you peace of mind that your dishwasher is giving top rate wash & dry results in an energy efficient way
- **Low water consumption** - just 14 litre water consumption

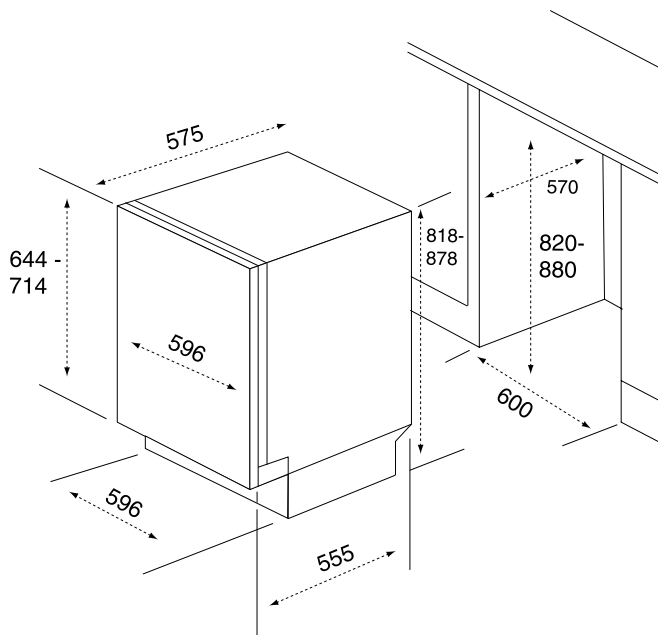

## FULLY INTEGRATED DISHWASHER

### FEATURES

- 12 place settings
- LED display
- Height adjustable full load
- 4 folding cup shelves
- 2 foldable plate racks
- Grey coloured baskets
- Active drying
- 47dB(A)
- 14 litres water consumption

### PROGRAMMES & OPTIONS

- Quick (30 minutes)
- Intensive 70°C
- Auto 45 - 70°C
- Bio 50°C with prewash
- Glasscare 45°C
- Rinse & hold
- Plate warmer
- Delay start timer
- Time to programme end
- Half load option

FEATURES	
Capacity (number of IEC place settings)	12
Design	Fully integrated
Auto half load	■
